

CITY INTELLIGENCE. THE REFORMED CHURCH.

The Annual Session of the General Synod—The Proceedings This Morning. This morning at 9 o'clock the Synod reassembled in the Church, Seventh and Spring Garden streets, and was called to order by the President, Rev. Charles H. Stitt.

A solemn prayer was offered by Rev. Mr. Picheur, and after calling the roll and reading the minutes of the preceding day devotional exercises were held, participated in by several members, among them being Rev. E. L. Hermann, Rev. Z. Eddy, D. D. Rev. J. Searle, Rev. H. G. George, of Troy, New York, Dr. Elmendorf of Albany, N. Y., Mr. Rev. Milson, and others.

After the resumption of business, the Rev. Isaac S. Hartly, of New York, presented a communication as a fitting reply to the Papal invitation to the Ecumenical Council of Rome. It was referred to the Committee on Correspondence to report thereon.

Very interesting reports were received from the several delegates appointed by the last Synod to the different Evangelical Churches with which the Church is in correspondence. The Rev. Dr. Gordon, delegate to the Lutheran Synod at Washington, May 15, 1869, reported that he was very kindly received, and was gratified to find the Lutheran Church in a prosperous condition, and that they had, at the Synod, adopted the following resolutions.

Resolved, That the Synod of the Reformed Church, appointed a committee—composed of Rev. Drs. Palmham, Schmucker, Zeigler, Wetekamp, and Bitter—representing the Lutheran Churches in the United States, to be held on the third Tuesday of October, in the city of New York.

Resolved, That the Synod of the Reformed Church in New York, do, by their delegates, to the General Assembly of the German Reformed Church, Rev. J. A. De Ruyter, delegate to the Lutheran Synod, and Rev. Dr. W. J. R. Taylor, delegate to the General Assembly of the Presbyterian Church, make similar reports.

A communication was received from the Secession Church of Holland, requesting a deputation from this Synod. The report of the committee appointed by the last Synod for the purpose of securing the passage of an act to change the corporate title of the General Synod of the Reformed Protestant Dutch Church to that of the General Synod of the Reformed Church in America, was adopted. The following is a copy of the act, passed April 15, 1869:

"The people of the State of New York, represented in Senate and Assembly, do hereby enact, that the Reformed Protestant Dutch Church in America, and all such exercise and enjoy all the rights and powers of the churches, churches, and congregations, shall not affect any contract, suit, or proceeding, claim or demand, now existing against said corporation."

Section 2. This act shall take effect immediately. The Synod appointed a committee of five delegates, consisting of three ministers and two laymen, to attend the National Evangelical Convention in October next. The Committee on the Revision of the Digest made a report through their chairman, Rev. J. L. Lee, which was accepted. The Digest was ordered to be printed under the superintendence of the same committee, and the books of the Synod to be printed by the committee for their extended and efficient labor.

Rev. Dr. Higby, a delegate from the German Reformed Church, appeared and very ably presented the maintenance of the body. He said, in substance, that the churches, that both the Reformed—both hold to the same doctrines, and the Heidelberg Catechism is used in both of our churches, though one is Dutch and the other "German"—each has suffered common trials and troubles. Yet each had struggled manfully against the common enemy, and each had maintained the integrity of the Reformed faith. Concerning his church he desired to say that they were not Lutheran on the one hand nor Puritan on the other; and that they were Reformed, and desired to remain so. He spoke of the union between the Presbyterian churches, and earnestly desired the same respecting the Reformed Church.

The President welcomed the delegate, and in an appropriate manner reciprocated the desire for union, not as being banded together—but a union of loving hearts laboring for Christ. The regular order for the morning was then taken up, and the Synod addressed by Rev. J. W. Ferris, Secretary of the Board of Foreign Missions, who was listened to with great attention. A communication was received from Rev. C. E. Crisfield, Professor of Theology at Hope College, with the annual report of the Board of Christian Education. They were read and referred to the Committee on Professors.

The Synod was then addressed by Rev. Dr. West, Secretary of the Board of Domestic Missions, who said he did not believe any denomination of the Evangelical churches contributed to benevolent purposes so freely as did the Reformed Church. He said he would be borne in mind that the Board have a great work to do, which God is blessing to a greater extent than to any of the established Churches, with their advantages, and he would, with sincerity and affection, call their attention to the progress making in gaining souls to our Lord Jesus Christ. The precious returns made by the elders of the Board, and the most gratifying character, and he thought the appropriation for the coming year should be at least \$100,000, instead of \$75,000 as in the past year. There were larger means the spiritual gain would be correspondingly great, and the weary, worn sinner would be refreshed and benefited. The Board had been excelling in their efforts to make the amount made up in the future, but such a course produced embarrassment and continued poverty. He had advised with much care, and at considerable length, the propriety of making a proper appropriation at once from the regular funds of the Church.

In regard to the Building Fund, if the Synod would give \$12,000 it would materially aid twelve struggling churches. There are forty-seven more Sabbath Schools in this State than last year, and it was thus seen that in that important department of the Church, progress was made. Organization was what was necessary, and this he forcibly impressed as a duty on the members of the Synod. On motion of Elder Myers, it was resolved that so much of the report of the Board of Directors as referred to the raising of \$100,000 for the Theological Seminary at New Brunswick, N. J., be referred to the Board of Directors to be assisted the committee, be referred to the Committee on Professors.

The Corresponding Secretary of the Board of Education, Rev. John L. Lee, addressed the Synod, and was followed by Rev. John A. Lansing, Corresponding Secretary of the Board of Publication, who spoke until the hour of adjournment. IMPORTANT TO CANAL BOAT INTERESTS.—Under a law obsolete for half a century, the officers of the Treasury Department have for some years past collected tonnage and enrollment dues annually of canal boats and barges, because they do not pay these dues. These dues amounted to over fifty dollars a year. It appears by a letter written by J. W. Douglas, the Deputy Commissioner of the Canal Department, to recent inquiries, that this collection was illegal, and that the only tax is five or ten dollars, according to the size of the craft. Mr. Douglas says, in reply to these inquiries, that he has no objection to the boats to special tax under the provisions of the proviso to section 103, act of June 30, 1864, as amended, that all boats, except those that are exempt, under the terms of and fulfilling the conditions expressed in said proviso, namely:—First, not used for carrying passengers, nor propelled by steam or sails, but which are used exclusively for the purpose of carrying coal, mineral, or agricultural products to market, are required to pay the tax on tonnage and enrollment fees, an annual special tax of five or ten dollars, according to the tonnage of the particular boat. The fact that the great and small coal'ers was not produced in the immediate vicinity of the canal, should not affect the question of liability in this regard."

THE NUMISMATIC AND ANTIQUARIAN SOCIETY held a stated meeting at its hall last evening. Vice-President Elliott, after a short prayer, read a paper on the unusually large one, and the usual routine business was transacted, and a number of valuable donations received, among which were relics of Indian origin, found by Dr. William P. Taylor, of this city, in a shell mound near the Neck-a-Chuck caves in Tennessee. The Hon. William P. Taylor, of this city, presented some silver struck by Cortez in Guatemala. The committee to revise the order of business made a report, which was adopted. A communication was read from Mr. W. C. McCreary, of this city, relative to an ancient Spanish coin in his possession, and referred to the Committee on Numismatics. Dr. William P. Taylor read an interesting paper relative to a lake, Mississippi, embosomed in the mountains, traditions relative thereto. Mr. Henry Phillips, Jr., the Corresponding Secretary of the society, read an interesting paper on the Indian and the necessary machinery for spinning, etc. There is also a stone shop, paint shop, and dry house. The prison buildings are beautifully located just outside the corporation of Nashville, and within one-quarter of a mile of two railroad depots, and one mile of the steamboat landing. There are now about four hundred and fifty convicts in the prison, most of whom have served some years, and are skilled mechanics in their respective branches of business. The prison is under the control of a Board of Directors, and a Warden, whose duty it is to provide for the wants of the convicts and to see that strict discipline is maintained. Proposals may be addressed to the undersigned or the Secretary of State; within case they should be endorsed "Proposals for leasing the Tennessee Penitentiary."

ANY further information desired will be furnished by addressing the Directors of the Penitentiary. WILLIAM SHANE, M. R. MURRELL, C. ROBINSON, Directors.

THIRD EDITION. WASHINGTON.

The Public Debt—How Much it was Reduced in May— Naval Changes. The Public Debt—How Much it was Reduced in May— Naval Changes. The Public Debt—How Much it was Reduced in May— Naval Changes.

Return of Reverdy Johnson— His Arrival This Morning in Baltimore. Church Affairs—Secret Societies Denounced. CHICAGO, June 4.—The United Presbyterian General Assembly, at Monmouth, yesterday adopted a report denouncing secret societies. The Committee on Presbyterian Union was continued to confer with the committees of other Presbyterian churches.

FROM THE WEST. Church Affairs—Secret Societies Denounced. CHICAGO, June 4.—The United Presbyterian General Assembly, at Monmouth, yesterday adopted a report denouncing secret societies. The Committee on Presbyterian Union was continued to confer with the committees of other Presbyterian churches.

FROM THE SOUTH. Return of Reverdy Johnson. BALTIMORE, June 4.—The Hon. Reverdy Johnson, late U. S. Minister to Great Britain, and family, arrived this morning on the steamship Ohio, from Southampton.

FROM WASHINGTON. How Much the Debt has been Reduced. WASHINGTON, June 4.—In addition to the reduction of public debt, as shown in the statement of June 1, there was paid during the month of May interest to the amount of \$3,197,197, which was due and payable before the 1st of March, and which had never been reported as part of the public debt. More than double that amount was probably paid in like manner during March and April. The debt was, in fact, reduced more than fifteen millions in May, and more than twenty-four millions since March 1. It will be seen that the amount of unredeemed coupons payable May 1, has been added to the amount of debt in the June statement. Owing to the manner in which the accounts have been heretofore kept, the full amount of outstanding coupons payable before that date cannot at present be ascertained accurately.

FROM NEW YORK. The Gold and Stock Markets. NEW YORK, June 4.—The Money market is very active this morning; gold has fallen; it opened at 138, rose to 1/2, and is again quoted at 138. This is owing to weakness of exchange and the lack of shipments. The market is, however, standing itself by degrees. The stock market is again dull, with scarcely any change from yesterday's quotations. New York Central is rather active, having opened at 122 1/2 and advanced steadily to 123 1/2; Hudson River has advanced from 158 1/2 to 159 1/2.

FROM ANNAPOLIS. The President and Party at the Naval Academy— The Graduating Class Receive their Diplomas as Midshipmen—The Ball. ANNAPOLIS, June 4.—The Tallapoosa arrived here at ten o'clock this morning from Washington, having on board the President, Secretary Cox, Postmaster-General Creswell, Attorney-General Hoar, Assistant Secretary of State Davis, and Colonel Audenried, of Sherman's staff, with their ladies. As the Tallapoosa passed through the vessels at anchor off the yard, each led the Presidential salute. The marines, under Captain McLane Tilton, were drawn up on the wharf, and presented as the President and party landed. The President then proceeded to the residence of Admiral Porter.

Address to the Graduates. At 11 o'clock the midshipmen were drawn up on the green in front of the chapel, and went through with the usual dress parade. After these exercises were finished Admiral Porter presented Judge H. C. Humphreys of Alabama, who delivered the address to the graduating class.

The Diplomas. The President then handed to each member of the graduating class the diploma awarded him by the Government, and making him a full midshipman. After these ceremonies were completed the midshipmen were dismissed. Midshipman Seymour was then called up, and was informed by the President that his rank would take date with his class in 1868, he having been sick at the time of his graduating. A large number of officers, civilians, and ladies were present to witness the display.

The Ball. The ball to-night is destined to surpass anything of the kind ever given under the same auspices. FROM NEW YORK. The Gold and Stock Markets. NEW YORK, June 4.—The Money market is very active this morning; gold has fallen; it opened at 138, rose to 1/2, and is again quoted at 138. This is owing to weakness of exchange and the lack of shipments. The market is, however, standing itself by degrees. The stock market is again dull, with scarcely any change from yesterday's quotations. New York Central is rather active, having opened at 122 1/2 and advanced steadily to 123 1/2; Hudson River has advanced from 158 1/2 to 159 1/2.
